

# Save money. Join the movement.

Building Accessory Dwelling Units is easier and more affordable thanks to GLADUR – your Green and Livable Accessory Dwelling Unit Resource.

Save critical time and money in design costs and development time.

Contribute to the collective mission in lowering greenhouse gas emissions and build environmentally friendly ADUs.

GLADUR empowers homeowners to build green, all-electric detached ADUs by:

- Providing four free, unique designs and two architectural styles to the public for free.
- Partnering with local Cities to provide quicker permit approvals.
- Providing a comprehensive, green ADU handbook.
